

Section 4 – Supporting Evidence – list of accompanying items as part of Section 4

For context, supporting evidence and associated comments are provided together with the accompanying materials listed below. The accompanying items provide supporting material, comments and details including empirical evidence. Some items document the misrepresentation of science and climate upon which Professor Hoegh-Guldberg's advice in court testimony relies.

To comply with Board requirements, the accompanying documents are not bound or stapled. Each document is prefaced by a title page and separated from other documents by coloured paper.

The Land Court exhibits 12, 33, 34, 35, 50 and 51 referred to in the transcript of Professor Hoegh-Guldberg's testimony were personally confirmed with a visit to the Land Court offices in the Brisbane Magistrate's Court building in George Street. The professional, cooperative and helpful assistance of Land Court employee Jeff Hobson is acknowledged and appreciated.

Accompanying documents include all Land Court exhibits and other relevant reports, in order:

1. Malcolm Roberts' qualifications.
