NOTICE BY REGISTERED POST WITH DELIVERY CONFIRMATION

Dear Nick:

During our meeting in Parliament House on July 22nd, 2012 you eventually agreed that when presented with evidence of corruption your party would fulfill its responsibilities to parliament and to the people of Australia by taking action to expose and stop such corruption.

Please refer to the enclosed documents detailing massive corruption of climate science that is the basis of the ALP-Greens climate policy and the so-called Carbon (Dioxide) Tax legislation and Renewable Energy legislation. The documents include:

- Copy of my reply dated April 2nd, 2013 to Greg Combet and attachment thereto;
- Copy of Greg Combet's letter dated March 13th, 2013 to me;
- Copy of my report entitled *CSIROh!* encompassing detailed supporting material in its Appendices available here: <http://www.conscious.com.au/CSIROh!.html> and in related correspondence being gathered here: <http://www.conscious.com.au/letters.html>

Additional material was provided to Tony Abbott via Registered Post package dated February 4th, 2013 including two books on linked international financial corruption damaging Australia.

Will your party now come clean on climate? I am available to meet with you to discuss your party's needs for detailed information. Please advise personal action you will now take.

In the interests of accountability and transparency this letter and your reply will be posted at the second link above.

Yours sincerely,

Original personally signed
