The Hon Tony Abbott
Prime Minister
And
The Hon Julie Bishop
Minister for Foreign Affairs
PO Box 6022
House of Representatives
Parliament House
Canberra ACT 2600

Dear Mr. Abbott and Ms. Bishop:

It's refreshing that you're returning governance to the Westminster system.

The accompanying letter though provides evidence that Greg Hunt seems to be wilfully misrepresenting climate, science and Nature. I'm concerned Greg is taking advantage of your delegation by misleading you and our country.

With his latest letter to me Greg Hunt has put himself in an untenable position. This is explained in the enclosed copy of my reply. **Please particularly note page 2.**

I call on you to replace him as Minister for the Environment with someone who will fulfil ministerial responsibilities with integrity. Thereafter please restore integrity to climate science by either dismantling corrupted government agencies including CSIRO and the Bureau of Meteorology or restoring their integrity.

I'm available to share my six years of independent pro bono research with you and hope that you will now address this issue previously raised with you many times.

Yours sincerely,

Original personally signed

Malcolm-Ieuan: Roberts.
