Dear Mr. Corbett:

**BY REGISTERED POST WITH DELIVERY CONFIRMATION
WITHOUT PREJUDICE AND IN GOOD FAITH**

Thank you for your letter dated March 11th, 2013.

As yet no reply has been received from either Mr. Greg Hywood, CEO Fairfax Media Ltd or Mr. Sean Aylmer, Editor-In-Chief SMH.

As you can see from the enclosures including my correspondence with SMH Environmental Reporter Ben Cubby, my complaint is well substantiated and serious. The behaviour of Ben Cubby and that of Mike Carlton brings the once-proud SMH masthead into disrepute.

In the interests of accountability and transparency this letter and your response(s), if any, will be posted on the Internet. The relevant page is here: <http://www.conscious.com.au/letters.html>

Yours sincerely,

 - *CSIROh!* report's Appendix 4 on the empirical scientific evidence. No government funded organisation or academic has any evidence that human carbon dioxide caused global warming. I've personally asked all the most prominent academics and government agencies including CSIRO and Bureau of Meteorology (BOM) for evidence. Most replied. All, including CSIRO and BOM failed to provide evidence.
