PO Box 1112

Dear Mr Oakeshott:

Re: Your letters of July 18 August 09, 2011

Please refer to the enclosed copies of correspondence with Mr Martin Callinan, Science Policy Manager at the Australian Academy of Science and the Academy's President, Professor Suzanne Cory. Your request for me to meet with the Academy has been dismissed and laughed at by Mr Callinan.

Further to your request of the Chief Scientist for a meeting with me, I have not been contacted by the Chief Scientist nor by his office. That is not surprising as the previous Chief Scientist failed to provide any evidence as proof of human causation of global warming following my written request to her using Registered Mail with Delivery Confirmation.

I now accept your earlier offer to meet personally with you. Please advise a suitable date next week. I am available at any time to suit you.

As you can see from my correspondence with the Academy, the issues raised are serious. Please refer to this site to understand the seriousness of the issues now in the public domain. http://www.galileomovement.com.au/political_scam_exposed.php

You have been misled. You have been placed in a difficult situation. That situation threatens you and Australia.

I will be able to present material that will support you and your family and our nation and enable you to recover your situation within the electorate of Lyne and across our nation.

I look forward to being of assistance and support to you as you fulfil your responsibilities to Australia and to Australians and await your advice

Yours sincerely,

Original personally

signed

Malcolm-Ieuan Roberts.
