Dear Ms. Prentice:

Re: University of Queensland and Greg Hunt contradicting empirical evidence

Your advice at our meeting on 14 July 2015 was followed. Please refer to my complaints about University of Queensland staff behavior as presented here: <http://www.climate.conscious.com.au/empiricalloh.html>

Thank you for your letter dated 4 August 2015 and received 27 August 2015. No reply of any kind has been received from either Mr. Hunt or Mr. Baldwin. You are my representative in federal parliament. I understand that it is your responsibility to make it clear to both MPs that your constituents deserve the respect and courtesy of a reply that answers specific questions in a timely and factual manner. If you disagree, please advise. Otherwise, please advise how you will fulfill your responsibility in regard to Messrs. Hunt and Baldwin.

Please refer to the accompanying copy of my letter to the Hon Christopher Pyne MP.

If you do not take action, are not you and your party complicit? Will you allow Australian sovereignty to be undermined at the UN FCCC's Paris meeting later this month? Will you raise these concerns in the party room as a matter of urgency?

Jane, as your constituents, Bob McCulloch and Bob Brooks and I please request a meeting with you on Friday 27th November 2015 or failing that Friday 4th December 2015 or failing that as soon as convenient thereafter. We are deeply concerned about your government's intentions to sign Australia to commitments at next month's UN FCCC's Paris meeting and about your Coalition ministers' avoidance of accountability. Secondly, we want to know what Mitchell discovered in his research that you instructed into UN Agenda 21 during our July meeting. Thirdly, we want to know what more we can do to support you in fulfilling your responsibilities as our elected representative.

Yours sincerely,
